CHAIRMAN MESSAGE

"Irrigation Systems & Drip Irrigation Systems of Choice Today and Tomorrow

Dear Shareholders

I hope you are keeping safe and well.

It's my privilege to present the 40th Annual Report 2023-24 which provides an insight into Rungta Irrigation Limited performance during the last financial year and its ever-expanding horizon of aspirations.

Throughout the year, we have remained steadfast in our commitment to innovation and operational excellence. Our efforts have borne fruit with significant milestones achieved in revenue growth, market expansion, product launches. These accomplishments stand as a testament to the dedication and expertise of our team, whose hard work and ingenuity continue to drive our success. Looking ahead, we are cognizant of the evolving economic landscape and its potential impacts. However, we are confident in our strategic direction and our ability to adapt swiftly to changes. Our focus remains on sustainable growth, shareholder value, and delivering exceptional products and services to our customers.

None of our achievements would have been possible without the unwavering support of our shareholders, whose trust and confidence inspire us to reach new heights. Your belief in our vision fuels our ambition to excel in all aspects of our business.

As we move forward, we are committed to maintaining transparent communication and accountability to our shareholders. We will

continue to prioritize governance practices that uphold the highest standards of integrity and ethics.

I extend my heartfelt gratitude to the Central and State Governments, Financial Institution Public and Private sector Banks, Government Agencies and Non - Government Institution who have extended their support in the progress and growth of the Company.

I would also like to take this opportunity on behalf of the Board to thank all the shareholders, customers, employees, and partners for their continued support and commitment. Together, we will navigate the opportunities and challenges that lie ahead, steering Rungta Irrigation Limited towards a future of sustainable growth and prosperity.

I am more than hopeful that your Company performance in FY2024 will continue in FY2025 too.

In the words of Mahatma Gandhi, *"In a gentle way,*

you can shake the world".

Yours Sincerely,

Mahabir Prasad Rungta

MANAGEMENT DISCUSSION AND ANALYSIS REPORT
(Forming part of Directors' Report for the year ended 31st March, 2024)

1. ECONOMIC REVIEW

While walking on the path of sustainable agricultural development it is realized that availability of water resources is considered as one of toughest hurdle to pass. Due to uncertainty of rain and increasing pressure of population growth on reservoirs, water resources are getting dry in shorter time than before. It is peak time realize and understand the importance of water and uncertain availability of it. Proper distribution of the available resources and conservative use of the same has become the most important fact to sustainable development.

The solution lies in implementing the innovative and advance models as contribution to higher efficiency of water usage. Micro irrigation is proved to be a one such efficient method which enables better control and monitoring of existing water. Recognizing the importance of micro irrigation, the current government manifesto has talked about Har Khet Ko Pani. However, in spite of the efforts made by central and state governments, the adoption of Micro irrigation by farmers needs more motivation.

2. MICRO IRRIGATION - A RELIEF FOR DROUGHT PRONE AREAS:

Indian agriculture is mostly dependent on monsoon as source of water for agricultural activities, but in situations where there is shortage or failure of monsoon in that particular year it gets disturbed which later results in farmer's distress and below average crop yields. Particularly in the drought prone areas/ parts of Maharashtra, Karnataka, Andhra Pradesh, Odisha, Gujarat, Madhya Pradesh, and Rajasthan among others this affects with much greater intensity. This makes the states like Maharashtra, Rajasthan, Gujarat, Haryana, Bihar, Karnataka and Andhra Pradesh high potential states for Micro Irrigation in India. Hence, Micro irrigation can not only save water but also increases the farmer's productivity.

3. COMPANY PROFILE

Being owned & managed by the group of people having wealth of experience & high expertise. Currently one of the largest & leading manufacturer of Self-fit PVC pipes, Elastomeric PVC Pipes, Casing Pipes, HDPE Pipes, MDPE Pipes, RMS Pipes, Sprinkler irrigation Systems & Drip Irrigation System. As ISO 9001:2015 certified company with 40 years of successful journey & one of the reputed manufacturers of plastic extruded pipes in PAN India with the brand name of "RUNGTA".

We are associated with major states like Uttar Pradesh, Madhya Pradesh, Maharashtra, Gujarat, Telangana, Tamil Nadu, Karnataka, Rajasthan, Haryana, Punjab, Himachal Pradesh, Uttarakhand, Jharkhand, Bihar, West Bengal, Odisha, Assam, Chhattisgarh, Andhra Pradesh and we also export our products to Bangladesh for execution of micro irrigation system (Online drip, Inline drip, Mini Sprinkler, Micro Irrigation, Rain gun, Portable sprinkler sets, UGPL systems).

We also act as an EPC contractor to carry out the detailed engineering design of the project, procuring all the equipment and necessary materials.

Our products adhere to the latest relevant BIS / ISO & other specifications. We have PAN INDIA presence through a network of authorized distributors from our branch offices at Bhiwani, Jabalpur, Rajasthan, Jharkhand, Bihar, Hyderabad, Bangalore, Siliguri, Raipur, Tamil Nadu, Andhra Pradesh, & Bhubaneswar and Factories at Ghaziabad & Yanam.

4. INDUSTRY OVERVIEW:

The India Micro Irrigation Systems Market size is estimated at USD 0.64 billion in 2024, and is expected to reach USD 1.08 billion by 2029, growing at a CAGR of 11.10% during the forecast period (2024-2029).

India is an agriculture-dependent country, and agriculture in India is rain-fed. So there is a potential for promoting micro irrigation in the market. Rajasthan is a state with high micro-irrigation adaptability and has a large area under micro-irrigation due to the lack of water resources in the state.

Furthermore, Indian farmers have been increasingly encouraged to adopt micro-irrigation systems on open fields for efficient water usage and an increase in agricultural yield. The area under open field micro-irrigation is higher than greenhouses in the country. Most of the greenhouses equipped with micro-irrigation in the country are used for horticultural production, with more farmers inclining toward greenhouse cultivation owing to benefits such as year-round production.

The drip irrigation system dominated the market in 2021, owing to higher subsidies offered by the central and state governments in various states. The maximum adoption of the drip irrigation system is witnessed for fruit crops, followed by plantation crops, in terms of area coverage.

5. Indian Economy

In the face of unprecedented challenges such as the Covid pandemic and geopolitical conflicts, the Indian economy has demonstrated a remarkable ability to bounce back and convert challenges into opportunities while striving to achieve strong, sustainable, balanced, and inclusive growth.

Following the vision of the Hon'ble Prime Minister to make India a US\$ 5 trillion economy by 2024-25, various initiatives have been taken by national leadership like promoting "Make In India", "Vocal for Local", improving banking network, thrust on infrastructural development, digitization at every level of functioning, labour reforms, augmenting logistic facilities, introducing more ease of doing business and frequent policy reforms that were aimed to remove bottlenecks.

India's GDP growth figures for 2023-24, at 8.2 per cent, beat all estimates including the government's own, boosted by higher tax collection by approx. 19%, lower subsidy pay outs and growth in sectors such as manufacturing, construction and services, .

Real GDP (adjusted to inflation as opposed to nominal inflation), the sum of all goods and services produced in the country and considered a major barometer for a country's growth, is estimated to have touched Rs 173.82 lakh crore in 2023-24, as against Rs 160.71 lakh crore 2022-23, when the GDP growth was 7 per cent compared to the previous fiscal.

Among sectors, agriculture has grown by 1.4 per cent, which is encouraging, despite sub-normal monsoon, Mining grew by 7.1 per cent, Construction grew by 9.9%.

The inflation remained at 4.83% in April 2024 against 5.49 in March 2023. With Inflationary pressures moderated with headline inflation softening driven by a fall in core inflation and deflation in fuel prices, the Monetary Policy Committee (MPC) kept the policy repo rate unchanged at 6.50%, maintaining a stance of withdrawal of accommodation to ensure inflation aligns with the target while supporting growth.

6. GOVERNMENT INITIATIVE:

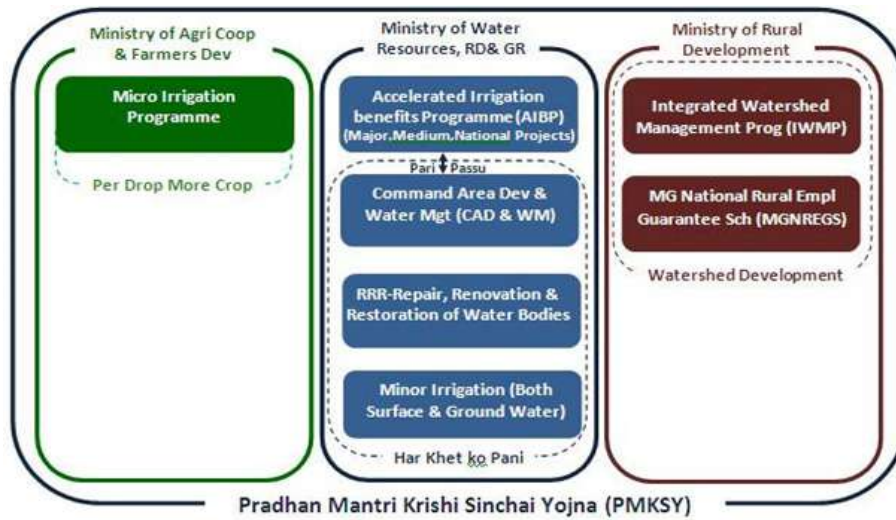

Water resources projects are planned, funded, executed and maintained by the State Governments themselves as per their own resources and priorities. Role of Government of India is limited to being catalytic, providing technical support and, in some cases partial financial assistance in terms with the existing schemes being implemented by the Ministry of Jal Shakti.

Pradhan Mantri Krishi Sinchayee Yojana (PMKSY) was launched during the year 2015-16, with an aim to enhance physical access of water on farm and expand cultivable area under assured irrigation, improve on-farm water use efficiency, introduce sustainable water conservation practices, etc. It is an umbrella scheme, consisting of two major components being implemented by the Department of Water Resources, River Development & Ganga Rejuvenation, namely, Accelerated Irrigation Benefits Programme (AIBP), and Har Khet Ko Pani (HKKP). HKKP, in turn, consists of four sub-components: Command Area Development & Water Management (CAD&WM), Surface Minor Irrigation (SMI), Repair, Renovation and Restoration (RRR) of Water Bodies, and Ground Water (GW) Development component.

In addition, PMKSY also consists of two components being implemented by other Ministries. Per Drop More Crop (PDMC) component is being implemented by Department of Agriculture and Farmers Welfare, while Watershed Development component (WDC) of PMKSY is being implemented by Department of Land Resources.

Government of India has approved continuation of PMKSY during 2021-22 to 2025-26, with extension of Ground Water component under PMKSY-HKKP being only for 2021-22, while approval of extension of PDMC has been processed separately by Department of Agriculture and Farmers Welfare.

The extension of PMKSY for 2021-22 to 2025-26 has been approved with an overall outlay of Rs. 93,068.56 crore (central assistance of Rs. 37,454 crore, debt servicing to NABARD for Rs. 20,434.56 crore and state share to be borne by the State Governments being Rs. 35,180 crore).

7. OUTLOOK

The Indian irrigation systems market is poised for remarkable growth, with a projected CAGR of 10.9% expected during 2023-2028. India boasts the world’s largest irrigated crop area, covering 8.26 million hectares, and the second-largest arable land area, encompassing 159.7 million hectares. This presents a substantial opportunity for further development and investment in the nation’s irrigation sector. The Government of India has taken decisive action with the launch of the Pradhan Mantri Krishi Sinchai Yojana (PMKSY), backed by a substantial investment of USD 7.7 billion. This initiative is dedicated to developing irrigation sources, providing a lasting solution to drought and ensuring the prosperity of the agricultural landscape. Explore investment opportunities and be part of India’s journey to transform its agricultural sector, fostering fertile fields and abundant harvests.

8. RISKS/THREATS:

The irrigation subsector is vulnerable to risks due to several factors: (i) capital intensity and opportunities for large-scale procurement, particularly in surface irrigation; (ii) poor regulation; (iii) weak business processes and control systems; (iv) interface between the public and private sectors; (v) lack of capacity for managing shifting water resources, given uncertain water levels and climate change; (vi) fragmented water institutions; and (vii) political interference.

As part of the high-risk infrastructure sector, irrigation exhibits resource allocation and procurement procedures that provide opportunities for rent-seeking. At the government agency level, risks may stem from the absence of appropriate business processes and mechanisms that can help increase efficiency and reduce discretion (e.g., information technology, automated planning, and financial tools and applications).

9. SEGMENT-WISE OR PRODUCT-WISE PERFORMANCE

The Company is primarily engaged in Micro Micro irrigation (Drip & Sprinkler irrigation system). The Company has Manufacturing Unit in Gaziabad & Yanam . Both the Plants are working in the best capacity. The turnover of the company also increases.

10. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has an adequate internal control system which is commensurate with the nature and size of its operations and is manned by qualified and experienced personnel.

The system involves adopted policies and procedures regarding financial and operating functions for ensuring the orderly and efficient conduct of its business including adherence to Company’s assets, prevention & detection of frauds and errors and timely preparation of reliable financial information.

The internal control systems are further supplemented by internal audit carried out by an independent firm of Chartered Accountants and periodical review by the management and Statutory Auditors. The Internal Audit reports are reviewed by the Audit Committee.

The internal control systems are implemented:-

- To safeguard the Company’s assets from loss or damage.

- To keep constant check on cost structure.
- To provide adequate financial and accounting controls and implement accounting standards.

The senior management regularly reviews the findings and recommendations of the Internal Auditors so as to continuously monitor and improve internal controls to match the organization's pace of growth and increasing complexity of operations as well as to meet the changes in statutory and accounting requirements.

11. FINANCIAL DISCUSSION & ANALYSIS

We have audited the accompanying financial statements of Rungta Irrigation Limited [CIN : L74899DL1986PLC023934] ("the Company"), pursuant to the requirement of Regulation 33 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ("Listing Regulations") which comprise the Balance Sheet as at March 31, 2024, and the Statement of Profit and Loss (including other comprehensive income), and the Statement of Cash Flows for the year then ended and a summary of the significant accounting policies and other explanatory information.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (" the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules,2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Our opinion is un-modified in respect of this matter.

Information other than the financial statements and auditors' report thereon

The Company's board of directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with Ind AS and other accounting principles generally accepted in India. This responsibility also includes

maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(I) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance or conclusion thereon.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during the audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Annexure 'A'

To the Independent Auditor's Report - 31st March 2024 on the IND AS Financial Statements (Referred to in our report of even date)

To the best of our information and according to the explanations provided to us by the Company and the books of account and records examined by us in the normal course of audit, we state that:

- i. In respect of the Company's Property, Plant and Equipment and Intangible Assets:
 - (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.
(B) The Company has maintained proper records showing full particulars of Intangible assets.
 - (b) The Company has a program of physical verification of Property, Plant and Equipment so to cover all the assets at reasonable intervals. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
 - (c) According to the information and explanations given to us, the records examined by us and based on the examination of the conveyance deeds provided to us, we report that, the title deeds, comprising all the immovable properties of land and buildings which are freehold, are held in the name of the Company as at the balance sheet date. In respect of immovable properties of land and building that have been taken on lease and disclosed as fixed assets in the financial statements, the lease agreements are in the name of the Company.
 - (d) The Company has not revalued any of its Property, Plant and Equipment and intangible assets during the year.
 - (e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2024 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder
- ii. (a) We have been explained by the management that the inventory has been physically verified at reasonable interval and the procedure of physical verification of the inventory followed by the management are reasonable in relation to the size of the company and nature of its business. As far as we could ascertain and accordingly to the information and explanations given to us, no material discrepancies were noticed between the physical stock and book records.
(b) The Company has not been sanctioned working capital limits in excess of ₹ 5 crore, in aggregate, at any points of time during the year, from banks or financial institutions on the basis of security of current assets and hence reporting under clause 3(ii)(b) of the Order is not applicable.
- iii. According to the information and explanations given to us and on the basis of our examination of the books of account, the Company has not granted any loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or other parties listed in the register maintained under Section 189 of the Companies Act, 2013. Consequently, the provisions of clauses iii (a), (b), (c), (d), (e) and (f) of the order are not applicable to the Company.
- iv. In our opinion and according to the information and explanations given to us, the company has not granted any loans or provided any guarantees or security to the parties covered under Section 185 and 186 of the Act in respect of grant of loans, making investments and providing guarantees and securities, as applicable.
- v. According to the information and explanations given to us, the company has not accepted any deposits during the year and does not have any unclaimed deposits as at March 31st, 2024 and therefore, the provisions of the clause 3 (v) of the Order are not applicable to the Company.
- vi. We have broadly reviewed the records maintained by the Company pursuant to the rules prescribed by Central Government for maintenance of cost records under section 148(1) of the Act and are of

the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the records.

- vii. According to the information and explanations given to us, in respect of statutory dues:
- (a) The Company has generally been regular in depositing undisputed statutory dues, including Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, Goods and Service Tax, Value Added Tax, Customs Duty, Excise Duty, Cess and other material statutory dues applicable to it with the appropriate authorities.
 - (b) There were no undisputed amounts payable in respect of Provident Fund, Employees' State Insurance, Income Tax (except as mentioned in the notes to accounts), Sales Tax, Service Tax, Value Added Tax, Goods and Service Tax, Customs Duty, Excise Duty, Cess and other material statutory dues in arrears as at March 31, f for a period of more than six months from the date they became payable.
- viii. There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961.
- ix. (a) The Company has not taken any loans or other borrowings from any lender. Hence reporting under clause 3(ix)(a) of the Order is not applicable.
- (b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
- (c) The Company has not taken any term loan during the year and there are no outstanding term loans at the beginning of the year and hence, reporting under clause 3(ix)(c) of the Order is not applicable.
- (d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.
- (e) On an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries and hence, this clause is not applicable on the Company.
- (f) The Company has not raised any loans during the year and hence reporting on clause 3(ix)(e) of the Order is not applicable.
- x. (a) The Company has raised money by way of further public offer (issued by way of Right Issue) during the year and the same has been applied for the purpose for which funds were raised. Hence requirement of clause 3(x)(a) of the Order is in place.
- (b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable.
- xi. (a) No fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
- (b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
- (c) We have taken into consideration the whistle blower complaints received by the Company during the year (and upto the date of this report), while determining the nature, timing and extent of our audit procedures.
- xii. The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.
- xiii. In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 with respect to applicable transactions with the related parties and the details of related party transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.

- xiv. (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
- (b) We have considered, the internal audit reports for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures.
- xv. In our opinion during the year the Company has not entered into any non-cash transactions with its Directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- xvi. (a) In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable.
- (b) In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.
- xvii. The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.
- xviii. There has been no resignation of the statutory auditors of the Company during the year.
- xix. On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date.
- We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- xx. The clause is not applicable to the Company.
- xxi. The clause is not applicable to the Company.

Annexure 'B'**Report on Internal Financial Controls over Financial Reporting****Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of M/S Rungta Irrigation Limited ("the Company") as of March 31, 2024 in conjunction with our audit of the IND AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the IND AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

1. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2. provide reasonable assurance that transactions are recorded as necessary to permit preparation of IND AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
3. provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the IND AS financial statements.

**Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to the Financial Statements

1) Corporate Information

Rungta Irrigation Limited ('The Company') is a public company domiciled in India and incorporated under the provision of the Companies Act. The shares of the Company are listed in India on Bombay Stock Exchange Limited. The Registered office of the Company is located at 101 Pragati Tower 26, Rajendra Place, New Delhi-110008. The Company is primarily engaged in the activity of Manufacturing, assembling and marketing of Sprinkler Irrigation systems. The product range of the company includes HDPE, PVC, Aluminium, MDPE, Sprinklers Pipes & Drip Irrigation systems.

2) Significant Accounting Policies

This note provides a list of significant accounting policies adopted in the presentation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

2.1 Basis of Preparation

The Financial Statements have been prepared in accordance with Indian Accounting Standards (hereinafter referred to as the "Ind-AS") as notified by the Ministry of Corporate Affairs, pursuant to section 133 of the Companies Act 2013 (The Companies (Indian Accounting Standards) Rules, 2015) and comply in all material aspects with their provisions.

Historical Cost Conventions and Fair Value

The Financial statements are prepared as per IND AS notified under companies (Indian accounting standards) Rules, 2015 as amended by Companies (Indian Accounting Standards) Rules, 2016.

The Financial Statements are prepared on Historical Cost method except for:-

- Derivative financial instruments
- Plan Assets of Defined employee benefit plans
- Certain financial assets and liabilities measured at Fair Value (refer accounting policy regarding financial instruments)

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique.

Reporting Presentation Currency

All amounts in the financial statements and notes thereon have been presented in Indian Rupees (INR) (reporting and primarily functional currency of the company) and rounded off to the nearest Lakhs with two decimals, unless otherwise stated.

2.2 Classification of Assets and Liabilities

All the assets and liabilities are classified as current or non-current as per the Company's normal operating cycle and other criteria set out in Ind-AS 1 notified under the Companies (Indian Accounting Standards) Rules, 2015. Based on the nature of products and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, twelve months has been considered by the Company for the purpose of current/non-current classification of assets and liabilities. However certain liabilities such as trade payables and some accruals for employee and other operating costs are part of the working capital used in the Company's normal operating cycle, accordingly classified as current liabilities even if they are due to be settled more than twelve months after the reporting period

2.3 Accounting Estimates & Judgements and key sources of estimation uncertainty

Due to the nature of the Company's operations, critical accounting estimates and judgements principally relate to the:

- Tangible fixed assets (estimate useful life);
- Intangible fixed assets (estimate useful life)
- Impairment testing (if and when applicable)
- Provision inventories (obsolescence / lower net realizable value)

- Provision for doubtful debts
- Provision for employee's post-employment benefits (actuarial assumptions)

In preparing the financial statements in conformity with the accounting principles generally accepted in India, management is required to make estimates and assumptions that affect reported amounts of assets and liabilities and the disclosure of contingent liabilities as at the date of the financial statements and the amounts of revenue and expenses during the reported period. Actual results could differ from those estimates. Any revision to such estimates is recognised in the period in which the same is determined.

The management of the Company makes assumptions about the estimated useful lives, depreciation methods or residual values of items of property, plant and equipment, based on past experience and information currently available. In addition, the management assesses annually whether any indications of impairment of intangible assets and tangible assets. The management of the Company believe that on balance sheet date no impairment indications were existing.

The management of the Company believe that the inventory balances on hand could be sold to the third parties at the disclosed value taking into consideration the condition of inventories held and current conditions in the market.

Furthermore, the management believe that the net carrying amount of trade receivables is recoverable based on their past experience in the market and their assessment of the credit worthiness of debtors at 31st March 2024.

2.4 Operating Segments

Company operates in only one reportable operating segment of manufacturing of irrigation products, in accordance with the Ind AS 108 (Operating Segments).

2.5 Inventories

Inventories are measured at lower of cost or net realisable value after providing for obsolescence, if any. Cost of inventories comprises of cost of purchase, cost of conversion and other costs including manufacturing overheads incurred in bringing them to their respective present location and condition. Cost of raw materials, stores, packing materials are determined on FIFO basis. Finished Goods & Work in progress are valued at lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale. Non usable wastes are valued at net realizable value.

2.6 Property, Plant and Equipment

Land, buildings, plant and equipment held for use in the production or supply of goods or services, or for administrative purposes are stated at historical cost or deemed cost less accumulated depreciation (except Land) and any accumulated impairment losses. Cost comprises of purchase price and any directly attributable cost of bringing the assets to its working condition for its intended use.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred. Capital work-in-progress includes cost of property, plant & equipment under installation/under development as at the balance sheet date.

2.7 Intangible Assets

Intangible assets acquired separately are measured on initial recognition at historical cost. Intangibles assets have a finite life and are subsequently carried at cost less any accumulated amortization and accumulated impairment losses if any.

Intangible assets with finite lives are amortized over the useful life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization expense on intangible assets with finite lives is recognized in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit or loss when the asset is derecognized.

Amortization methods and estimated useful lives:

Software - 4-6 Years

2.8 Impairment of Assets

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets other than goodwill that suffered impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

2.9 Depreciation

Depreciation is provided on a pro-rata basis on the written down value method over the estimated useful lives of asset Land and capital work in progress are not depreciated. The estimated useful lives considered for providing depreciation on other substantial assets are as follows:

Factory Buildings – 30 Years

Non Factory Buildings- 60 Years

Plant and Machinery – 10-15 Years

Furniture and Fixtures- 10 Years

Office Equipment- 5 Years

Computers- 3 Years

Vehicles- 6-8 Years

The asset's useful lives and methods of depreciation are reviewed at the end of each reporting period and adjusted prospectively, if appropriate.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing net disposal proceeds with carrying amount of the asset.

These are included in profit or loss within other income. Assets costing less than or equal to Rs. 5,000 are fully depreciated pro-rata from date of acquisition

2.10 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Assets

(a) Initial recognition and measurement:

All financial assets are recognized initially at fair value and, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

(b) Subsequent measurement:

For purposes of subsequent measurement financial assets are classified in two broad categories:

Financial assets at fair value

Financial assets at amortized cost

(c) Classification:

The Company classifies financial assets as subsequently measured at amortized cost, fair value through other comprehensive income or fair value through profit or loss on the basis of its business model for managing the financial assets and the contractual cash flows characteristics of the financial asset.

(d) Financial assets measured at amortized cost:

Financial assets are measured at amortized cost when asset is held within a business model, whose objective is to hold assets for collecting contractual cash flows and contractual terms of the asset give rise on specified dates to cash flows that are solely for payments of principal and interest. Such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. The losses arising from impairment are recognized in the Statement of profit and loss. This category generally applies to trade and other receivables.

(e) Financial assets measured at fair value through other comprehensive income (FVTOCI):

Financial assets under this category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income.

(f) Financial assets measured at fair value through profit or loss (FVTPL):

Financial assets under this category are measured initially as well as at each reporting date at fair value with all changes recognized in profit or loss.

(g) Derecognition of Financial assets:

A financial asset is primarily derecognized when the rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset, if an entity transfers a financial asset in a transfer that qualifies for derecognition in its entirety and retains the right to service the financial asset for a fee, it shall recognize either a servicing asset or a servicing liability for that servicing contract. If the fee to be received is not expected to compensate the entity adequately for performing the servicing, a servicing liability for the servicing obligation shall be recognized at its fair value. If the fee to be received is expected to be more than adequate compensation for the servicing, a servicing asset shall be recognized for the servicing right at an amount determined on the basis of an allocation of the carrying amount of the larger financial asset.

(h) Impairment of Financial assets:

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the financial assets that are debt instruments and trade receivables. For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition.

Financial Liabilities**(a) Initial recognition and measurement:**

All financial liabilities are recognized initially at fair value and, in the case of loans, borrowings and payables, net of directly attributable transaction costs. Financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and derivative financial instruments.

(b) Classification & Subsequent measurement:

If a financial instrument that was previously recognized as a financial asset is measured at fair value through profit or loss and its fair value decreases below zero, it is a financial liability measured in accordance with IND AS. Financial liabilities are classified as held for trading, if they are incurred for the purpose of repurchasing in the near term.

The Company classifies all financial liabilities as subsequently measured at amortized cost, except for financial liabilities at fair value through profit or loss. Such liabilities, including derivatives that are liabilities, shall be subsequently measured at fair value.

(c) Financial liabilities measured at fair value through profit or loss:

Financial liabilities at fair value through profit or loss include financial liabilities held for trading. At initial recognition, such financial liabilities are recognized at fair value. Financial liabilities at fair value through profit or loss are, at each reporting date, measured at fair value with all the changes recognized in the Statement of Profit and Loss.

(d) Derecognition of Financial Liabilities:

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or

expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss.

Offsetting financial instruments:

Financial assets and liabilities are offset and the net amount reported in the balance sheet when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis to realize the asset and settle the liability simultaneously. Subsequent recoveries of amounts previously written off are credited to Other Income.

2.11 Cash and Cash Equivalents

Cash and cash equivalents comprise cash at bank and in hand, short-term deposits and highly liquid investments with an original maturity of three months or less which are readily convertible in cash and subject to insignificant risk of change in value.

2.12 Trade Receivables

Trade receivables are amounts due from customers for goods sold in the ordinary course of business. If collection is expected to be collected within a period of 12 months or less from the reporting date, they are classified as current assets otherwise as non-current assets.

Trade receivables are measured at their transaction price unless it contains a significant financing component.

2.13 Provisions

Provisions are recognised when the company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Provisions in the nature of long term are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

2.14 Employee Benefits

a) Short Term Obligations

All employee benefits payable within twelve months of rendering the service are classified as short term employee benefits. Benefits such as salaries, wages etc. and the expected cost of bonus, ex-gratia, and incentives are recognized in the period during which the employee renders the related service.

b) Post-Employment Obligations

Defined contribution plans

The Company's contribution to provident fund are considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made and when services are rendered by the employees.

Defined benefit plan

For defined benefit plans in the form of gratuity, the cost of providing benefits is determined using the Projected Unit Credit method, with actuarial valuations being carried out at each balance sheet date. Actuarial gains and losses are recognized in the Other Comprehensive Income in the period in which they occur. Past service cost is recognized immediately to the extent that the benefits are already vested and otherwise is amortized.

2.15 Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is received. The Company has concluded that it is the principal in all of its revenue arrangements since it is the primary obligor in all the revenue arrangements as it has pricing latitude and is also exposed to inventory and credit risks.

Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excludes taxes/ duties collected on behalf of the government.

(a) Sale of goods

Revenue from the sale of goods is recognized, when the significant risks and rewards of ownership of the goods have passed to the buyer, usually on delivery of the goods. Revenue from the sale of goods is measured at the fair value of consideration received or receivable, net of returns and allowances, trade discounts, volume rebates. Accordingly, revenues from sale of goods are stated gross of GST not received by the company on its own account but collected on behalf of the government and accordingly, are excluded from revenue.

(b) Interest income

Interest income is recognized using the time proportion basis, based on the underlying interest rates.

(c) Rental Income

Rental income is recognized on a time-apportioned basis in accordance with the underlying substance of the relevant contract.

(d) Dividend

Dividend is recognized when the company's right to receive the payment is established, which is generally when shareholders approve the dividend.

2.16 Income Taxes

The income tax expense is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantially enacted at the balance sheet date, and any adjustment to tax payable in respect of previous years.

Deferred tax is provided using the liability method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. The amount of deferred tax provided is based on the expected manner of realization or settlement of the carrying amount of assets and liabilities, using tax rates enacted or substantially enacted at the balance sheet date. Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

2.17 Foreign currency transactions and translation

Transactions in foreign currencies are recorded in functional currency at the exchange rates prevailing at the date of the transaction first qualifies for recognition. Monetary assets and liabilities denominated in foreign currency are translated to the functional currency at the exchange rates prevailing at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognised in the statement of profit and loss with the exception for exchange differences on foreign currency borrowings relating to qualifying assets under construction are included in the cost of those assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings.

2.18 Borrowing Costs

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale. Transaction cost in respect of long-term borrowings are amortised over the tenure of respective loans using effective interest method. All other borrowing costs are recognised in the statement of profit and loss in the period in which they are incurred. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. Other borrowing costs are expensed in the period in which they are incurred.

2.19 Contingent Liability and Contingent Assets

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made. Information on contingent liability is disclosed in the Notes to the Financial Statements. A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity, Contingent assets are not recognized, but are disclosed in the notes. However, when the realization of income is virtually certain, then the related asset is no longer a contingent asset, but it is recognized as an asset.

2.20 Earnings per Share

As per Ind AS 33, Earning per Share, Basic earnings per share are computed by dividing the net profit for the year attributable to the shareholders' and weighted average number of shares outstanding during the year. The weighted average numbers of shares also includes fixed number of equity shares that are issuable on conversion of compulsorily convertible preference shares, debentures or any other instrument, from the date consideration is receivable (generally the date of their issue) of such instruments. Diluted earnings per share is computed using the net profit for the year attributable to the shareholder' and weighted average number of equity and potential equity shares outstanding during the year including share options, convertible preference shares and debentures, except where the result would be anti-dilutive. Potential equity shares that are converted during the year are included in the calculation of diluted earnings per share, from the beginning of the year or date of issuance of such potential equity shares, to the date of conversion.

2.21 Share Capital and Securities Premium Reserve

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new shares are shown in equity as a deduction, net of tax, from the proceeds.

Par value of the equity share is recorded as share capital and the amount received in excess of the par value is classified as securities premium reserve.

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments, traded bonds and mutual funds that have quoted price. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities.

There are no transfers between level 1 and level 2 during the year

(b) Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments include:

- the use of quoted market prices or dealer quotes for similar instruments
- the fair value of forward foreign exchange contracts is determined using forward exchange rates at the balance sheet date
- the fair value of the remaining financial instruments is determined using discounted cash flow analysis.

All of the resulting fair value estimates are included in level 2 or level 3, where the fair values have been determined based on present values and the discount rates used were adjusted for counterparty or own credit risk.

(c) Fair value estimation

Estimated fair value disclosures of financial instruments are made in accordance with the requirements of Ind AS 107 "Financial Instruments: Disclosure". Fair value is defined as the amount at which the instrument could be exchanged in a current transaction between knowledgeable willing parties in an arm's length transaction, other than in forced or liquidation sale. As no readily available market exists for a large part of the Company's financial instruments, judgment is necessary in arriving at fair value, based on current economic conditions and specific risks attributable to the instrument. The estimates presented herein are not necessarily indicative of the amounts the Company could realize in a market exchange from the sale of its full holdings of a particular instrument.

The following summarizes the major methods and assumptions used in estimating the fair values of financial instruments.

Interest-bearing borrowings

Fair value is calculated based on discounted expected future principal and interest cash flows. The carrying amount of the Company's loans due after one year is also considered as reasonable estimate of their fair values as the nominal interest rates on the loans due after one year are variable and considered to be a reasonable approximation of the fair market rate with reference to loans with similar credit risk level and maturity period at the reporting date.

Trade and other receivables / payables

Receivables / payables typically have a remaining life of less than one year and receivables are adjusted for impairment losses. Therefore, the carrying amounts for these assets and liabilities are deemed to approximate their fair values, as the allowance for estimated irrecoverable amounts is considered a reasonable estimate of the discount required to reflect the impact of credit risk.

Other long term receivables

These receivables are regularly reviewed and adjusted for impairment losses. Therefore, management considers the carrying amount of these receivables to approximate fair value.

(d) Valuation process

The accounts & finance department of the Company includes a team that performs the valuations of financial assets and liabilities required for financial reporting purposes, including level 3 fair values. This team reports directly to the chief financial officer (CFO) and the audit committee (AC).

Discussions of valuation processes and results are held between the CFO, AC and the valuation team at least once every three months, in line with the Company's quarterly reporting periods.

The main level 3 inputs for unlisted equity securities, contingent considerations and indemnification asset used by the Company are derived and evaluated as follows:

- Discount rates are determined using a capital asset pricing model to calculate a pre-tax rate that reflects current market assessments of the time value of money and the risk specific to the asset.
- Risk adjustments specific to the counterparties (including assumptions about credit default rates) are derived from credit risk grading determined by the Company's internal credit risk management group.
- Earnings growth factor for unlisted equity securities are estimated based on market information for similar types of companies.

Changes in level 2 and 3 fair values are analyzed at the end of each reporting period during the quarterly valuation discussion between the CFO, AC and the valuation team. As part of this discussion the team presents a report that explains the reason for the fair value movements.

Note 34: Financial risk management**(a) Risk management framework**

In the ordinary course of business, the Company is exposed to a different extent to a variety of financial risks: foreign currency risk, interest rate risk, liquidity risk, price risk and credit risk. In order to minimize any adverse effects on the financial performance of the Company, derivative financial instruments, such as foreign exchange forward contracts, foreign currency option contracts are entered to hedge certain foreign currency risk exposures. Derivatives are used exclusively for hedging purposes and not as trading or speculative instruments.

This note explains the sources of risk which the entity is exposed to and how the entity manages the risk.

(b) **Credit risk**

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and investments in financial instruments.

The carrying amount of financial assets represents the maximum credit exposure. The Company monitor credit risk very closely both in domestic and export market. The Management impact analysis shows credit risk and impact assessment as low.

Trade and other receivables

Credit risk is the risk that a customer may default or not meet its obligations to the company on a timely basis, leading to financial losses by the Company. The management has an advance collection /credit policy criteria in place and the exposure to credit risk is monitored on an ongoing basis. Credit evaluations are performed on all customers requiring credit over a certain amount. Before accepting a new customer, the Company uses an internal credit system to assess the potential customer's credit quality and defines credit limits separately for each individual customer. The gross carrying amount of trade receivables as at 31st March 2024 aggregates Rs 4524.37 lacs (Previous year ended 31st March 2023 Rs 3345.35 Lacs). The Company reviews for any required allowance for impairment that represents its expected credit losses in respect of trade receivables.

Investments are reviewed for any fair valuation loss on periodically basis and necessary provision/fair valuation adjustments has been made based on the valuation carried by the management to the extent available sources, the management does not expect any investment counterparty to fail to meet its obligations.

(c) **Liquidity Risk**

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are fallen due. The Company's liquidity position is carefully monitored and managed. The Company has in place a detailed budgeting and cash forecasting process to help ensure that it has adequate cash available to meet its payment obligations.

Further, the Company continues to maintain enough liquidity buffer to meet additional demands that may emerge on account of COVID-19 crisis.

The following table provides details of the remaining contractual maturity of the Company's financial Liabilities. It has been drawn up based on the undiscounted cash flows and the earliest date on which the Company can be required to pay. The table includes only principal cash flows.

(d) Market risk

Market risk is the risk of any loss in future earnings, in realizable fair values or in future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as result of changes in interest rates, foreign currency exchange rates, equity price fluctuations, liquidity and other market changes. Future specific market movements can not be normally predicted with reasonable accuracy.

(e) Currency risk

The Company's functional currency in Indian Rupees (INR). The Company undertakes transactions denominated in the foreign currencies; consequently, exposure to exchange rate fluctuations arise. Volatility in exchange rates affects the Company's revenue from export markets and the costs of imports, primarily in relation to raw material. The Company is exposed to exchange rate risk under its trade and debt portfolio.

Exposure to currency risk

The summary of quantitative data about the Company's exposure (Unhedged) to currency risk as reported to the management of the Company is as follows :

Note 40: Employee Benefits Plan
(A) Defined Contribution Plans

The Company has a defined contribution plan in respect of provident fund. Contributions are made to provident fund in India for employees at the rate of 12% of basic salary as per regulations. The contributions are made to registered provident fund administered by the Government. The obligation of the group is limited to the amount contributed and it has no further contractual nor any constructive obligation.

During the year, the Company has recognized the following amounts towards defined contribution plan in the Statement of Profit and Loss -

Particulars	For the year ended March 31,2024	For the year ended March 31,2024
Employer's Contribution to Provident Fund	28.38	29.91

Included in 'Contribution to provident and other funds' under Employee Benefits Expense (Refer Note 27)

(B) Defined Benefit Plans
(a) Description of the employee Benefit Plan

The company has an obligation towards gratuity, unfunded defined benefit retirement plan covering eligible employees. The plan provides for lump sum payment to vested employees at retirement, death while in employment or on termination of the employment of an amount equivalent to 15 days/ one month salary, as applicable, payable for each completed year of service or part thereof in excess of six months in terms of Gratuity scheme of the company or as per payment of Gratuity Act, whichever is higher. Vesting occurs upon completion of five years of service

(b) Risk exposure
Investment Risk

The present value of the defined benefit plan liability (denominated in Indian Rupee) is calculated using a discount risk which is determined by reference to market yields at the end of the reporting period on government bonds. Currently, for the plan in India, it has relatively balanced mix of investments in Insurance related products.

Interest Rate Risk

A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the return on the plan's debt .

Longevity Risk

The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability

Salary Risk

"The present value of the defined plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability. No other post-retirement benefits are provided to the employees. In respect of the plan in India, the most recent actuarial valuation of the plan assets and the present value of the defined benefit obligation were carried out as at March 31,2024 by an actuary."
