● **IB, R&AW REPORTS ON NOMINEES FOR JUDGES**

Grave concern, says Rijiju, on SC putting out Govt objections

'Officers working in secret will think twice... if their report is made public'

APURVA VISHWANATH
New Delhi, January 24

THE STANDOFF BETWEEN the Government and the judiciary over the appointment of judges took another turn Tuesday with Union Law Minister Kiren Rijiju saying that the Supreme Court making public "secret or sensitive reports" on the Centre's objections to the appointment of three advocates as High Court judges was a "grave concern".

Responding to questions from reporters on the Supreme Court's move, Rijiju said that "putting the secret or sensitive reports of RAW or IB in public domain is a matter of grave concern".

Stressing that he will take up the issue "at the appropriate time, Rijiju said, "I can say this much, if the concerned officer who is working for the nation in

disguise or in secretive mode in a very secretive location... will think twice if tomorrow his or her report is going to be in the public domain, that it will have implications."

On January 19, the Supreme Court Collegium headed by Chief Justice of India D Y Chandrachud had reiterated its decision to appoint five advocates as High Court judges. In at least three cases, it made public its reasons for reiteration and the Government's objections, mainly a candidate's sexual orientation and his "foreign-

national" partner; an advocate's critical post on Prime Minister Narendra Modi; and, another's views on social media critical of the Government.

The five candidates whose names were reiterated by the Supreme Court were senior advocate Saurabh Kirpal for appointment as judge of the Delhi High Court; advocate Somsekhar Sundaresan as judge of the Bombay High Court; advocate R John Sathyan for the Madras High Court; and, advocates Sakya Sen and Amitesh Banerjee as judges of

In at least three cases, the apex court made public its reasons for reiteration and the Govt's objections, mainly a candidate's sexual orientation and his "foreign-national" partner; an advocate's critical post on Prime Minister Narendra Modi; and, another's views on social media critical of the Government

the Calcutta High Court.

Days later, the Law Minister shared a video clip from an interview conducted in November last year of R S Sodhi, a retired Delhi High Court judge, who said the Supreme Court had "hijacked" the Constitution by deciding to appoint its own judges. "Actually majority of the people have similar sane views," Rijiju tweeted Sunday, a day after sharing the video clip.

On Monday, speaking during an event at the Tiz

Hazari courts Rijiju said there was no "Mahabharat" between the Government and the judiciary -- and there will be "debate and discussion" in a democracy. He also said that he has "live contact" with the CJ and they "discuss everything", from "small to complex issues".

Rijiju had also referred to a letter written by former CJI N V Ramana on criticism of judges on social media and said judges are careful while delivering verdicts that could draw a strong public reaction. However, he said, unlike politicians, a "judge does not have to face an election again".

TVS Motor PAT rises 22% to ₹353 cr in Q3

SAJAN C KUMAR
Chennai, January 24

TVS MOTOR COMPANY on Tuesday reported a 22% rise in its profit after tax (PAT) at ₹353 crore for the third quarter of FY23 as against ₹288 crore in the corresponding quarter of last fiscal. The company's revenue grew by 15% at ₹6,545 crore as against ₹5,706 crore. Analysts have attributed the increase in revenue to price hikes and better product mix. The company's operating Ebitda grew by 16% at 659 crore as against ₹568 crore while the operating Ebitda margin stood at 10.1% as against 10%.

During the third quarter the domestic sales volumes of the company remained flat while exports have declined. TVS Motor registered total two-wheeler sales of 8.36 lakh units in the third quarter as against 8.35 lakh units in the same quarter last fiscal while two-wheeler export sales registered 2.07 lakh units as against 2.53 lakh units. Total three-wheelers registered sales of 0.43 lakh units as against 0.44 lakh units. Electric vehicles registered sales of 0.29 lakh units as against 0.02 lakh units.

TVS Motor said company's PAT crossed ₹1,000 crore mark for the first time for nine months ended December 2022 at ₹1,081 crore as against ₹619 crore in the corresponding period previous fiscal.

Commenting on the results, Mitul Shah, head of research at Reliance Securities said: "TVS Motor's revenue stood at ₹6,545 crore, 4.2% above our estimate of ₹6,280 crore on the back of price hikes and better product mix. We expect TVS' domestic volume to witness a growth of 26% in the end of FY23. We expect the exports to remain subdued on the back of global slowdown impacting the company on the volume front."

The board of directors at its meeting held on Tuesday, declared an interim dividend of ₹5 per share (500%) absorbing a sum of ₹238 crore for FY'23.

TVS Motor in Q3 announced strategic engagement with Amazon India to strengthen electric mobility, electric infrastructure and connected services. During the quarter, the company has invested ₹150 crore in equity shares of TVS Credit Services and ₹90.58 crore in equity shares of TVS Motor (Singapore) Pte, both being TVS Motor's subsidiaries. The company had also acquired 48.27% stake in DriveX Mobility, Coimbatore (DriveX) (Formerly known as Nkars Mobility Millennial Solutions Pvt Ltd) and consequent to this acquisition DriveX has become an associate of the company.

CG Power to expand transformer units at two locations in MP

SAJAN C KUMAR
Chennai, January 24

THE BOARD OF directors of CG Power and Industrial Solutions, part of ₹54,722-crore Murugappa Group, has approved a proposal to expand the manufacturing capacity of transformers at its plants in Bhopal and Malanpur, at an investment of ₹126 crore.

The proposed expansion would increase the capacity from 17,000 MVA to 25,000 MVA for power transformers and from 6,900 MVA to 9,900 MVA for distribution transformers. The current capacity utilisation is around 65%. The expansion project is expected to be implemented within a period of 15 months and will be funded through internal accruals. The expansion is proposed considering the expected increase in demand for transformers.

CG Power in October last year had approved a proposal to expand the manufacturing capacity of motors at its plants at Ahmednagar and Goa at a capital outlay of Rs 230 crore. The expansion plan was to increase the capacity of low tension motor upto 19.92 lakh per annum, from the existing capacity of 9.93 lakh.
